Nutritionists supporting one to one sessions at First Steps ED

www.hertfordshire.gov.uk/youthmentalhealth

Nutritionists are now embedded into one to one support pathways at First Steps ED. This is following the latest advice and guidance in ensuring the best outcomes for children and young people with eating difficulties.

First Steps to Understanding Eating Disorders (First Steps ED) is for Hertfordshire's children and young people aged 5-18, parents/care givers. The service provides digital and face to face one-to-one support sessions, as well as weekly psychoeducation and group support programmes (**Wellbeing Workshop, Avoidant Restrictive Food Intake Disorder (ARFID) Support Group, Binge Eating Workshops** etc). Parents, carers and older siblings can also gain access to First Steps ED's Parent Support Programme.

<u>'Introduction to the SEND Local Offer website' – webinar</u> <i>The Local Offer website lets parents, young people and professionals know what special educational needs and disabilities services are available in Hertfordshire, and who can access them. There is so much more than that, too. A friendly face from the Local Offer team will take you through what's on the website and how you can use it to find the right services and support. www.hertfordshire.gov.uk/localoffer</i>	(For professionals) Tuesday 24 September at 10am - 11am Join the meeting (for professionals AND parent carers) Wednesday 25 September 8pm - 9pm Join the meeting <i>A quick note: The Local Offer website is different to Short Breaks (SBLO). We won't be going into detail about SBLO.</i>
Free online wellbeing groups for neurodivergent and/ or disabled young people (ages 13 - 25) Young neurodivergent and/or disabled people aged 13-25 (plus those awaiting diagnosis or young people with suspected diagnosis) can join KIDS for free self-care groups, every Thursday 3pm - 4pm throughout summer. Every week will be different. This is a space for you to recharge and reset. Every session you will be able to talk and get to know other young people. These will be safe spaces for peer support and connection so this is the place to share experiences and ask for advice. There will be an opportunity to try different types of movement such as dance, yoga and stretches. We'll end each session with some mindfulness that might include music and sounds. All activities are optional and you can join to talk and/or listen only. You will be able to take breaks when you need. All the movements can be adapted to be done from a chair. In the past, we have run peer support groups on: • Social anxiety • Protecting our mental health online • Boundaries • Autistic burnout • Making a self care plan	Young people suggested all the topics above themselves for groups and we are always open to what young people would like to talk to about. The young people have also suggested film and book discussion groups and a group to talk about their special interests, there is no shortage of ideas on what to do moving forward. All of the groups have time for the young people to input on what they want to do next. The groups can be a really good place to learn about neurodivergence in general and managing your mental health with respect to this and to ask any questions when you are at the start of the diagnostic process. If you have any questions or want to have a chat about this group, please email Orla at orla.price@kids.org.uk. Orla can also set up meetings with young people 1:1 to provide any support or answer any questions to do with accessing the groups. View all of the wellbeing groups - Young People's Hub from KIDS
